Abdominal aortic aneurysms, unusual, Nuclear magnetic resonance imaging in the assessment of ... 419
Abdominal radiograph, Value of an erect, in the diagnosis of intestinal obstruction ... 41
Correspondence ... 340
Abstracts of papers at Joint Radiological Meeting, Leicester, March 1985 ... 659
Accident and emergency reporting: Casualty X-ray reporting: a student survey ... 479
Accident and emergency reporting, Survey: results and implications ... 483
Acetabular fractures, Role of computed tomography in assessment and treatment of ... 13
Acetabular trauma, Computed tomography in ... 5
Acquired Immune Deficiency Syndrome (AIDS), Radiographic features in patients with pulmonary manifestations of ... 583
Adenopathy, axillary and supraclavicular, Computed tomography of ... 593
Adreno-cortical carcinoma in infancy and childhood ... 257
Adrenoleukodystrophy, Nuclear magnetic resonance in (case report) ... 539
Aluminium-induced osteomalacia: Periosteal new bone an early indicator of, in patients on intermittent haemodialysis ... 163
Correction ... 342
Amoebic liver abscess, Serial ultrasound in ... 61
Angiography, digital subtraction, venous: Comparison of, with aortography in patients with peripheral vascular disease of the lower limbs ... 315
Angiography, lower-limb, need for complete visualisation in: Peripheral angioplasty emphasising need for ... 321
Aortic aneurysms, unusual abdominal, Nuclear magnetic resonance imaging in the assessment of ... 419
Aortography: Comparison of venous digital subtraction, in patients with peripheral vascular disease of the lower limbs 315
Arthrography, apophyseal joint, demonstrating spondylolysis: Spondylarthrography ... 423

B

Barium, Dilute, and dilute water-soluble contrast in opacification of the bowel for abdominal computed tomography (letters) ... 216
Barium enema appearances in solitary rectal ulcer syndrome . 185
Barium-meal examinations, double-contrast, A comparison of paralysing agents in ... 391
Barium meal, The competitive ... 43
Barium studies, Prone compression with pneumatic paddle during ... 213
Bile duct calibre: discrepancy between ultrasonic and retrograde cholangiographic measurement in the post-cholecystectomy patient ... 507
Bilharzial ureteropathy, Fluoroscopic assessment of ... 89
Biliary drainage by ultrasound-guided puncture of the left hepatic duct ... 269
Biliary drainage, Internal, and local radiotherapy with iridium-192 wire in treatment of hilar cholangiocarcinoma ... 603
Biliary tract dilatation without jaundice demonstrated by ultrasound ... 197
Biopsy, Fine-needle aspiration: five years' experience ... 517
Biopsy, Percutaneous vertebral: a review of 135 cases ... 569
Bladder cancer, treatment outcome in, An analysis of the contribution of computed tomography to the ... 369
Bladder cancer: value of routine bone scintigraphy ... 77
Bladder diverticula, large, Radiological and urodynamic significance of ... 521
Bladder neurofibromas causing ureteric obstruction in Von Recklinghausen's disease (case report) ... 537
Bladder shape and racial origin ... 377
Bladder, urinary, Giant calculi ... 313
Bone cavity, Stafne's ... 297
Bone, Hydatid disease of ... 301

Page

Bone involvement, Seminoma of the testis with ... 467
Bone scintigraphy in breast cancer ... 279
Bone scintigraphy, routine, Value of, in bladder cancer ... 77
Bowel, opacification of, for abdominal computed tomography, Dilute barium and dilute water-soluble contrast in (letters) 216
Bowel preparation and the pill (letters) ... 100, 340
Brain metastases from carcinoma of breast ... 365
Brain, Surface enhancement of the ... 233
Breast cancer, Bone scintigraphy in ... 279
Breast carcinoma, Brain metastases from ... 365
Breast carcinoma, Internal mammary lymphoscintigraphy in the conservative management of: an update and recommendations for a new TNM staging ... 469
Breast, Symptomatic and X-ray dense, ultrasound of the breast in ... 69
Bronchogenic cysts in children ... 431
Bronchospasm following intravenous injection of ionic and non-ionic low-osmolality contrast media ... 651

C

Calculi, Giant, urinary bladder ... 313
Cancer, advanced head and neck, Cisplatin-containing chemotherapy in ... 607
Cancer, bladder, influence of dose on morbidity, Results of a randomised study to evaluate ... 615
Cancer, bladder, treatment outcome in, An analysis of the contribution of computed tomography to ... 369
Cancer, breast, Bone scintigraphy in ... 279
Cancer, cervical, Morbidity following low-dose-rate Selectron therapy for ... 131
Cancer drug targeting ... 545
Cancer, Molecular biology and the treatment of ... 117
Carcinoid tumours, metastatic, Hepatic arterial embolisation in patients with ... 597
Carcinoma, Adreno-cortical, in infancy and childhood ... 257
Carcinoma, breast, Internal mammary lymphoscintigraphy in the conservative management of: an update and recommendation for a new TNM staging ... 469
Carcinoma of breast, Brain metastases from ... 365
Carcinoma of the cervix: the staging anomaly ... 625
Carcinoma of the small intestine ... 409
Carcinoma, Squamous-cell, arising in dental cysts ... 387
Correspondence ... 658
Carcinoma, uterine body, Early: has post-operative vaginal irradiation any value? ... 619
Catheterisation, Central venous, major complications of ... 205
Central nervous system, Enterogenous cysts of the ... 245
Cerebral torulosis: clinical features and correlation with computed tomography ... 485
Cervical cancer, Morbidity following low-dose-rate Selectron therapy for ... 131
Cervix, Carcinoma of the: the staging anomaly ... 625
Chemotherapy, Cisplatin-containing, in advanced head and neck cancer ... 607
Chemotherapy for non-Hodgkin's lymphoma, *Salmonella* pneumonia associated with (case report) ... 459
Chest radiographic changes, Early, of *Pneumocystis* pneumonia 331
Chest radiography, high-kilovoltage, Heart size in ... 335
Childhood, Adreno-cortical carcinoma in infancy and ... 257
Children, Bronchogenic cysts in ... 431
Children with intracranial tumours, Value of skull radiography in ... 253
Cholangiocarcinoma, hilar, Internal biliary drainage and local radiotherapy with iridium-192 wire in treatment of ... 603
Cholecystectomy patient, discrepancy between ultrasonic and retrograde cholangiographic measurement in: Bile duct calibre ... 507
Cholecystography, Cholecystokinin ... 499
Cholecystokinin cholecystography ... 499
Cisplatin-containing chemotherapy in advanced head and neck cancer ... 607

Clavicle, Sclerotic changes of the sternal end of the 23
Cobalt tracking unit, computer-controlled, Treatment of medulloblastoma using (case report) 209
Colon cleansing, Preliminary, for small-bowel examinations .. 503
Colonic opacification, Gall-bladder opacification and, following parenteral ioxaglate 497
Communication: a neglected art in clinical medicine 217
Computed tomographic appearance: Vestibular aqueduct syndrome 241
Computed tomographic appearances and clinical features of prolactin-secreting pituitary adenomas in young male patients 227
Computed tomography, abdominal, opacification of the bowel for, Dilute barium and dilute water-soluble contrast in (letters) 216
Computed tomography, Assessment by, of response of pituitary macroadenomas to bromocriptine 223
Computed tomography, Cerebral torulosis: correlation with clinical features 485
Computed tomography, contribution of, to the treatment outcome in bladder cancer, An analysis of 369
Computed tomography, Current practice of lymphography in the age of 287
Computed tomography, direct sagittal, Examination of the temporomandibular joint by 291
Computed tomography in acetabular trauma 5
Computed tomography in deep-seated peripheral neurofibromas 19
Computed tomography of axillary and supraclavicular adenopathy 593
Computed tomography, Role of, in assessment and treatment of acetabular fractures 13
Contrast agents in magnetic resonance imaging 561
Contrast media, low-osmolality, Bronchospasm following intravenous injection of ionic and non-ionic 651
Contrast media, low-osmolar, in intravenous urography, Comparison of the side-effects of 379
Contrast media, myelographic, Complete non-traumatic intravasation of 491
Contrast media: Pneumocolon as an aid to small-bowel studies 633
Contrast medium, low-osmolality, Use of, in hysterosalpingography 533
Contrast medium, water-soluble, Incidental lumbo-sacral myelographic abnormalities shown by 647
Contrast studies, radiological, in hepatic neoplasms, comparison with Ultrasonographic studies 511
Courts, The radiologist and the 475
Cyst, nasopalatine duct 153
Cystic fibrosis: ultrasonographic findings in the pancreas and hepatobiliary system correlated with clinical data and pathology 199
Cysts, dental, Squamous-cell carcinoma arising in 387
Classification of (letters) 658

D

Dehydration in urography: is it really necessary? 311
Dental cysts, Squamous-cell carcinoma arising in 387
Classification of (letters) 658
Diagnostic X-rays. How dangerous are? (letters) 100
Diarrhoea, Pathogenesis of post-irradiation chronic: measurement of SeHCAT and B_{12} absorption for differential diagnosis determines treatment 275
Digital radiography, Pelvimetry by 327
Digital subtraction angiography, Pulmonary: a screening tool for vascular lung lesions 191
Digital subtraction angiography, venous: Comparison with aortography in patients with peripheral vascular disease of the lower limbs 315
Digital subtraction techniques, Demonstration of pancreatic parenchyma by, during endoscopic retrograde cholangiopancreatography 405
Direct sagittal computed tomography, Examination of the temporomandibular joint by 291
Drainage, Biliary, by ultrasound-guided puncture of the left hepatic duct 269
Drainage, Internal biliary, and local radiotherapy with iridium-192 wire in treatment of hilar cholangiocarcinoma 603
Drainage, Percutaneous transhepatic internal, using polyurethane double-pigtail endoprostheses 57

Page

Drug targeting, Cancer 545
Duodenal triangle: a plain film sign of midgut malrotation and volvulus in the neonate 47

E

Embolisation, Hepatic arterial, in patients with metastatic carcinoid tumours 597
Embolisation, therapeutic, Serum C-reactive protein response to: possible role in management 179
Endoprostheses, double-pigtail polyurethane, Percutaneous transhepatic internal drainage using 57
Endoscopic retrograde cholangiopancreatography, Demonstration of pancreatic parenchyma by digital subtraction techniques during 405
Enteritis, chronic radiation, Radiological features of 141
Enteritis: Pathogenesis of post-irradiation chronic diarrhoea: measurement of SeHCAT and B_{12} absorption for differential diagnosis determines treatment 275
Enterogenous cysts of central nervous system 245

F

Fibrosarcoma of the scalp, Primary 465
Fine-needle aspiration biopsy: five years' experience 517
Fluoroscopic assessment of bilharzial ureteropathy 89
Fractures: Computed tomography in acetabular trauma 5
Fractures: Role of computed tomography in assessment and treatment of acetabular 13
Fractures: Soft-tissue changes accompanying recent scaphoid injuries 423

G

Gall-bladder and colonic opacification following parenteral ioxaglate 497
Gastric dilatation, acute, intrahepatic portal venous gas secondary to 441
Gastroplasty, vertical banded, Radiological appearances following 395

H

Haemodialysis, intermittent, Periosteal new bone in patients an early indicator of aluminium-induced osteomalacia? 163
Correction 342
Head and neck cancer, advanced, Cisplatin-containing chemotherapy in 607
Heart size in high-kilovoltage chest radiography 335
Hepatic arterial embolisation in patients with metastatic carcinoid tumours 597
Hepatic neoplasms, Ultrasonographic studies in: patterns and comparison with radiological contrast studies 511
Hodgkin's disease, Prognostic significance of mediastinal bulk in patients with stage IA-IVB 449
Hodgkin's disease, Recognition of a chronic relapsing form of, in a population of patients demonstrating no second tumours 461
Hydatid disease of bone 301
Hydatid disease of the liver, Radiological appearances of (letters) 444
Hysterosalpingography, Use of low-osmolality contrast medium in: comparison with a conventional contrast medium 533

I

Ileum, Segmental dilatation of, presenting with anaemia (case report) 267
Immunosuppressive agent, Total lymphoid irradiation as, for transplantation and the treatment of 'autoimmune' disease 125
Intestinal obstruction, Value of an erect abdominal radiograph in the diagnosis of 41
Correspondence 340
Intestine, small, Carcinoma of the 409
Intussusception, Diagnosis and reduction of an, under ultrasound guidance (letter) 340
Intussusception, diagnosis and hydrostatic reduction of, under ultrasound guidance: case report 655
